INDEX TO VOLUME II FOR 1934

READERS in search of a particular subject will find it useful to bear in mind that the references are in several cases distributed under two or more separate but nearly synonymous headings—such, for instance, as Brain and Cerebral; Heart and Cardiac; Liver and Hepatic; Renal and Kidney; Cancer and Carcinoma, Epithelioma, Malignant Disease, New Growth, Sarcoma, etc.; Child and Infant; Bronchocele, Goitre, and Thyroid; Diabetes, Glycosuria, and Sugar; Light, Roentgen, Radium, X Rays; Status Lymphaticus and Thymus; Eye, Ophthalmia, and Vision; Pyelography and Urography; Lunacy and Mental Diseases; Sunlight and Ultra-violet; Bicycle and Cycle; Motor and Automobile; Association, Institution, and Society, etc. Subjects dealt with under various main headings in the JOURNAL have been set out in alphabetical order under their respective headings—for example, "Annotations," "Correspondence," "Leading Articles," "Reviews," etc. Original Articles are indicated by the letter (O). For Obituary Notices see under Names of Individuals.

A.

ABDERHALDEN, Emil, elected a corresponding foreign member of the Vienna Academy of Sciences, 337
Abdominal cyst. *See* Cyst
Abdominal pregnancy. *See* Pregnancy
